# HALL IN HONOR OF LOCAL YOUNG COUPLE IS ENJOYED

Announcement was made last week that the new canning factory to be built in Brooks by the National Food Products Limited, will be started in ten days. Plans of the new industry include a cannery, cheese factory, creamery and starch factory, with provisions that extensions can be made in future years. A delightful party was held in the West Carbon Hall on Friday, June 19, in hone of Miss Myrtle Skerry and Mr. Frank Emery, whose wedding is to take place in the near future. Over saventy-five people were present and a very enjoyable time was spent in games and other entertain-

Only Too Clear
A motorist was giving a woman
lessons in driving.
"The hand lever," he said, "brakes
the rear wheels only, and the foot
pedal brakes all four. Is that clear?"
"Myes," replied the woman, doubtfully, "but I'd rather not have any
of them broken."

Canadian scientists believe that Newfoundland may figure as a source of sulphur supplies.

# "Somebody to see you!"

F EVERYBODY when the provided the standard of the standard of

Dars Son. I do hope you will come for the Christman holidays. Mother and I have arranged everything that we will be ready to receive you. All the cars are going to be overhauded and painted during the vacation so that you will not be ability of his community, is able to wreck them. Your brother's bank has been emptied and the money deposite to a circular," stated a forethem to the bank where you cannot get the state of the common that the state of the state of the state of the work of the state of the state of the work of the state of the s

returns to it.

A newspaper carries more prestigeon third class matter.

A home newspaper with only say
a 50 per cent coverage really contacts
more actual buyers than a box holder
circular attempting a 100 per cent—
the latter percentage being impossible.

### MAY ELIMINATE SHIFT LEVER

DETROIT—Ellimination of the pearshift lever stands at the typ of the
list of improvements for which actual
motive engineers are striving in their
efforts to make better motor cars.
More time has been spent on this
object in the engineering laboratories
object in the engineering laboratories
object in the engineering laboratories
single problem. No refinement is more
sought for by the manufacturers.
Reo and Hudson are the only companies that have eliminated the conventional gear shift lever. None of
class has come forth with any solution. It is questionable, however, where
have more makers will dispense
with the gear shift lever in their 1937
models.

Special railway and bus fares will be in operation during the Stampede and you are asked to get in touch with your local transportation scent for further details.

### FARTHER ON LESS GAS

FARTHER ON LESS GAS

If you want to save on gasoline, don't tramp on the accelerator. This is one of the rules worked out by a frontine entires, who save modern error contained in gasoline as did the erry contained in gasoline as did the area of 30 years ago. But, since the gars of 30 years ago. But, since things that will enable him to take advantage of modern engineering, the engineer suggests: Accelerating gently; holding the ear in second only unit moderate speed is reached; coast-ming on the brakes; proper tire inflation; shutting off instead of light long periods; cleaning spark plues; the proper second only unit of the proper second on the proper second on the proper second of an ally, tuning motor regularly.

26 TUNA AVERAGING 215 LBS. TAKEN BY ANGLER OFF N.S.

TAKEN BY ANGLER OFF N.S.
Fishing with rod and line off the
coast of Nova Soxia a visiting sportsman landed 36 tuns last sease and
on the average the fish weighed 215
pounds each.

Any angler who wouldn't be satisfied with sport like that would be sure
to want jam on his bread.

Any angler who wouldn't be satisfied with sport like that would be sure
to want jam on his bread.

Any angler who wouldn't Bay
Yamnoth county, and all told, as reported to the Dominion Department
of Fisheries by its inspector on duty
that area, the weighed 5500 lbs.

The smallest was only a 91-pounder
of which weighed 500 pounds and didn't
and was soon landed but his big brother weighed 500 pounds and didn't
fat minutes after be had made that
fat all mistake of grabbling at a hook.

Big as he was, however, the big
fellow weighed less by 119 pounds than
another member of his family which
was taken by a second angler during
the 1855 season at Louster Bay, where
49 flab. Truth is, too, that even been
taken in angling in Nova Scoila water
these fish are caught. As a matter of
fat, the bigreat tuna ever captured
anywhere with rold and line, so fat
clavropol, NS, a year or two and
All that flab weighed was half a ton
or, to keep strictly to truth, 556 lbs.

# CARBON **STAMPEDE** AND SPORTS DAY

WED., JULY

According to The Drumholler Mail the night constable of the polles force of that city will be mounted in future. An order has been placed for an English-made bleyele, fitted with two-lich halloon lires, front and rear hub trakes controlled from the handle-bars, bell, lamp and other necessary.

Lieutenant (roaring with rage):
"Who told you to put those flowers
on the table?"
Steward: "The commander, sir."
Lieutenant: "Pretty, aren't they?"

"I told you I didn'a want to coro this masquerade. I never saw su nobs. I'm having a terrible time!"
"Put on your mask."

Prof: "Why weren't you at the lec-ure last night?"
Prep: "I was there. I sat in the last wow, behind the pillar."
Prof. (not very puzzled): "Strange, vou're the twentieth one who sat be-bind that pillar."
